

## 5 Tips to Help with Facilitation

1. **Welcome everyone.** People will be late online, just as your in-person group, so build in some buffer time to catch up in the beginning.
2. **Warm up the group** by getting people to use the “*Mute*” and “*Unmute*” button. Ask an icebreaker question. Let everyone answer the question.
3. **Use the weekly GPS** document to assist in guiding the Bible Study.
4. **Share prayer requests** and be ready to pause on someone going through a tough season. Don't rush through this time together online. **Then Pray.**
5. **Ask people to invite others** to join the group at the next meeting. Share the next meeting day and time.
